

Direct to Dealer

Date: June 24, 2026

Dear Valued Dealer Partner,

We reviewed. We listened. And we improved.

As **ILVE USA** and **EUROCHEF USA (VERONA)** continue expanding throughout North America, we are excited to officially introduce our enhanced 2026 Authorized Dealer Program, designed to create a stronger, more profitable, and more supportive direct partnership with our dealer network.

As of **June 24th, 2026**, ILVE and brands will officially transition to a direct-only distribution model and will no longer be affiliated with SEA Distributing or its affiliates. We will assist SEA dealers in placing any pending orders they have, directly with ILVE USA.

This transition allows us to:

- Improve communication, training and responsiveness
- Strengthened service coordination and support through Factory Direct Service & Support (USA & Italy) and Expedited Parts Availability and Service Dispatch network turnaround
- Increase dealer profitability opportunities
- Improve inventory visibility and planning with thousands of in-stock, custom, M2O product ready to expedite ship anywhere in the USA
- Create faster decision-making processes

We are building a faster, stronger, and more responsive dealer experience.

More than a program update, this is an investment in our dealers and the continued growth of ILVE and our brands across the United States.

Our mission is simple "drive more traffic, create better showroom experiences, and help our dealers sell more."

AVB & NATIONWIDE MEMBER SUPPORT

We also want to reassure all AVB/BrandSource and Nationwide Marketing Group members that this transition is designed to further strengthen your business growth opportunities and partnership benefits.

Authorized AVB and Nationwide dealers will continue to receive the same benefits, and potentially even greater opportunities through our enhanced direct dealer relationship structure.

Our goal is to further improve dealer profitability, communication, support programs, and long-term partnership growth for all aligned buying group members.

EXPANDED PRODUCT CATEGORIES

ILVE and our brands are evolving beyond ranges into complete luxury kitchen brands.

Our growing product lineup now includes:

- Refrigeration
- Dishwashers
- Ventilation
- Wall Ovens
- Cooktops & Rangetops
- Built-In Appliances

With more products launched or launching soon, dealers can take advantage of larger package opportunities, higher average sales, and continued growth with our brands.
